

City Transformation

"Where there is no vision, the people wander (perish),
but happy is he who keeps the law." Prov 29:18

Calling for the support of the entire local Christian community for city transformation

Suppose we could have an entire God Honoring community, from top to bottom? Imagine your neighborhood being as safe as any in the entire city. Let's start with the schools that your kids or neighbor kids go to. Suppose all negativity was gone, the kids are safe & learning the absolute best for the adult lives that they have coming up before them, as well as a wholesome childhood in the meantime.

Moving on, let's consider 4 particular leading groups for today, the Churches, Schools, Businesses, & Government. Using our area for example, eventually it would be nice if we had this for the ~ 250 communities in our 60 mile radius. Reaching that goal of 1,000 such entities or so is a large goal, so let's consider the 4 city F/M area, with the four groups, a total of 16 groups to focus on.

Can you visualize a scenario where every person now realizes that they are accountable before the Lord? They have a responsibility for the choices that they make & the actions that they either take or refrain from taking. For legislators, business folks, church leaders, school faculty, this could impact our lives heavily.

Most of this isn't really rocket science, you'll probably say.... If this is not so hard & is so painfully obvious, then I wonder why it's not been done already? I pray that we can do so. Once we get all the 100+ God Honoring churches in the F/M area to work together, pray together, improve the community, we have a solid base to work with the other groups & leaders in the community. There are many groups already at work, such as those who pray for the schools (Moms in Touch to name one). With more cohesive support of this effort & improvement of the whole school scene, we're building for a better present as well as future set of adults.

. As always, the intent is to Encourage & Inspire folks to maximize the use of their talents & prayerfully improve the communities that they are in. This is along the lines demonstrated by the Harvest Evangelism movement, esp. the activities happening in South America & most specifically in Argentina. Ed Silvano & International Transformation Network (ITN) are good sources to learn more from. Check them out & see for yourself.
